Step 1

Hoop the wash-away stabilizer.

Step 2

Place the hoop in the machine and run the cut line for the design.

Step 3

Use temporary spray adhesive to secure the sweater to the hoop.

Line up the seam line with the cut line's center line and the sweater's bottom to the cut line.

Use masking tape to secure the shirt further.

Step 4

Place the hoop in the machine and run the tack-down stitch.

Step 5

Remove the hoop and cut along the tack-down stitch, removing the sweater material.

Step 6

Return the hoop to the machine and run the placement stitch for the first applique.

Step 7

Place 2 of the 3" x 3" pieces of fabric over the placement stitch, covering it completely.

Step 8

Return the hoop to the machine and run the tack-down stitch.

Step 9

Remove the hoop from the machine and carefully trim the excess fabric around the tack-down stitch.

Step 10

Return the hoop to the machine and run the placement stitch for the second applique.

Step 11

Place the 6" x 6" piece of fabric over the placement stitch, again being sure to cover all of the stitching.

Step 12

Return the hoop to the machine and stitch the tack-down stitch.

Step 13

Remove the hoop from the machine and carefully cut the excess fabric from around the tack-down stitch.

Step 14

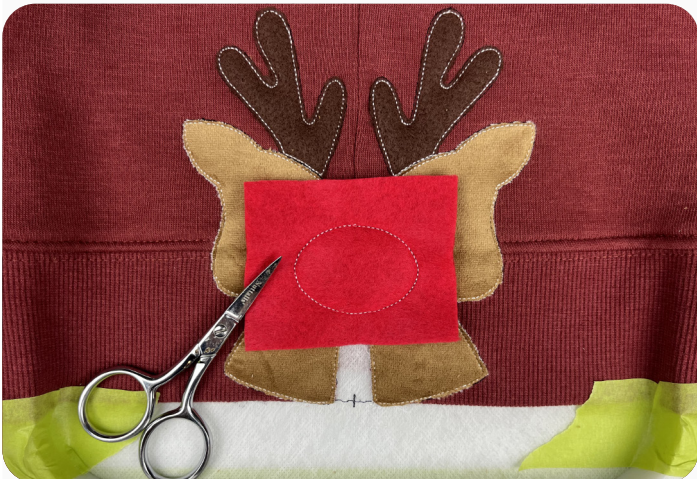

Return the hoop to the machine and stitch the final placement stitch.

Step 15

Place one of the 2.5" x 2.5" pieces of fabric over the placement stitch, covering all the placement stitches.

Step 16

Return the hoop to the machine and stitch the tack-down stitch.

Step 17

Remove the hoop from the machine and carefully cut away the excess fabric from around the tack-down stitch.

Step 18

Return the hoop to the machine and run the final satin stitch around the design.

Step 19

Remove the hoop from the machine and the design from the hoop

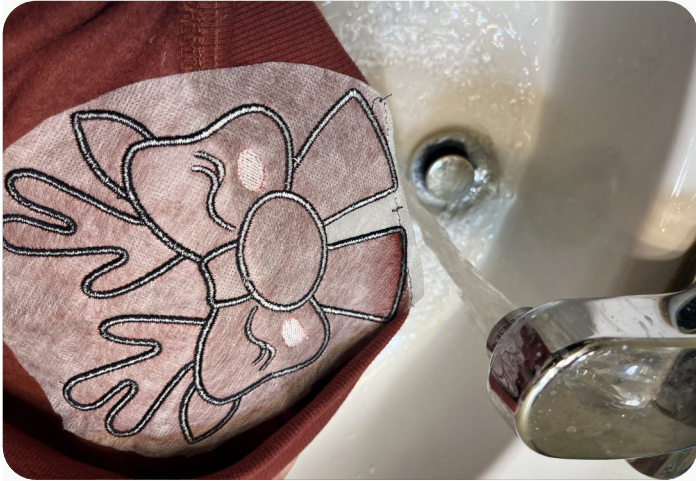

Cut away any long threads from the back of the design.

Step 20

Cut away the excess stabilizer from around the design; be careful not to cut into the satin stitch around the design.

Step 21

Using a warm bowl of water and your fingers, carefully wash away the remainder of the stabilizer from around the design.

Step 22

Repeat all these steps for the other side of the sweater.
